Very warm welcoming and professional environment, personally the other reviews speak for itself. I must thank all the staff at Ink'D London and a special shout out to M3.inkd who brought my amazing tiger piece to life. I would 100% recommend any one who's is looking to get a tattoo or piercing , to go and check out ink'd london.

I had half of sleeve done by Aras, he was able to get my complex ideas of an old photography of my mother & I into something realistic. He also give me the first design quickly after I sent the photos which was helpful to do any changes I wanted. I love my tattoo and couldn't be more happy with the outcome! Quality and lovely people, it's nice to get inked in a shop own by nice people too. I'll definitely come back for more ink!

Had a fantastic cover up done yesterday at Ink'd London. The staff in there are fantastic, very friendly and happy to chat. I was there 5 hours for my piece and Aras worked tirelessly it was amazing. I couldn't be happier with my tattoo!!! I wish I could rate them higher than 5 stars, you will not find a cleaner friendly and more professional tattoo shop in London. Highly recommended
